IN MEMORY OF THOMAS GRABINSKI

Big and tough — Tender and loving
 Stern disciplinarian — Understanding
 Leader of young people — But always willing to listen
 Great teacher — Always wanted to get better himself
 Serious, no-nonsense approach — What a sense of humor!
 Quick to correct errors — Quicker to give praise
 His one big fault was he never gave credit where credit was due — he always gave it to the people around him, players/assistant coaches — but he never took any of the credit himself — where it was due.

This was Tom Grabinski —
 A loving, dedicated husband, committed family man; Tom talked about his wife and kids all the time
 A great dad — tough — but wasn't he fun?!
 A son to be proud of
 A fellow educator who *always* put students' concerns first
 A coach whose *deep, deep* caring for young people went far beyond the playing field
 An unbelievable friend — he was always there
 Tom was with us for 39 years, and we are very proud to have known him.
 He gave more in those 39 years than most do in twice that long.

Things really seem bad to all of us right now, but what would Tom say at a time like this? I know exactly what he would say: to all of his relatives and friends, he would simply say, "Hey, it's all right — everything is going to be O.K." And I'm *sure* he would say to all his past football players, "Now, there's two ways we can go — down, or we can get our heads up, be positive, work harder to get better, be proud to be a Laker — and remember this one, players? — don't do anything to jeopardize your future as a Laker."

How can we coaches and players *ever* forget those words? How will you players ever forget Coach Grabber in our gym on Friday night at those meetings? Or checking all those Bike helmets for air — OR teaching a quarterback how to throw a pass, or better yet, an end how to *catch* a pass!

Many of you students will remember how Mr. Grabinski went out of his way to help you when you were having problems at home or at school. Sixth-Grade students will remember how he would always come to our camp-out to get to know the kids he would be working with the following year.

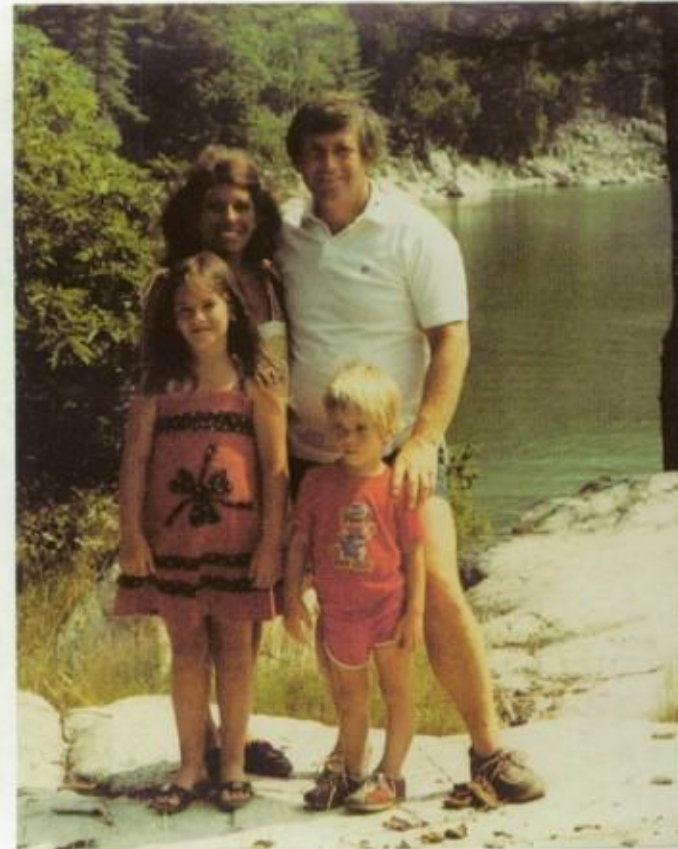

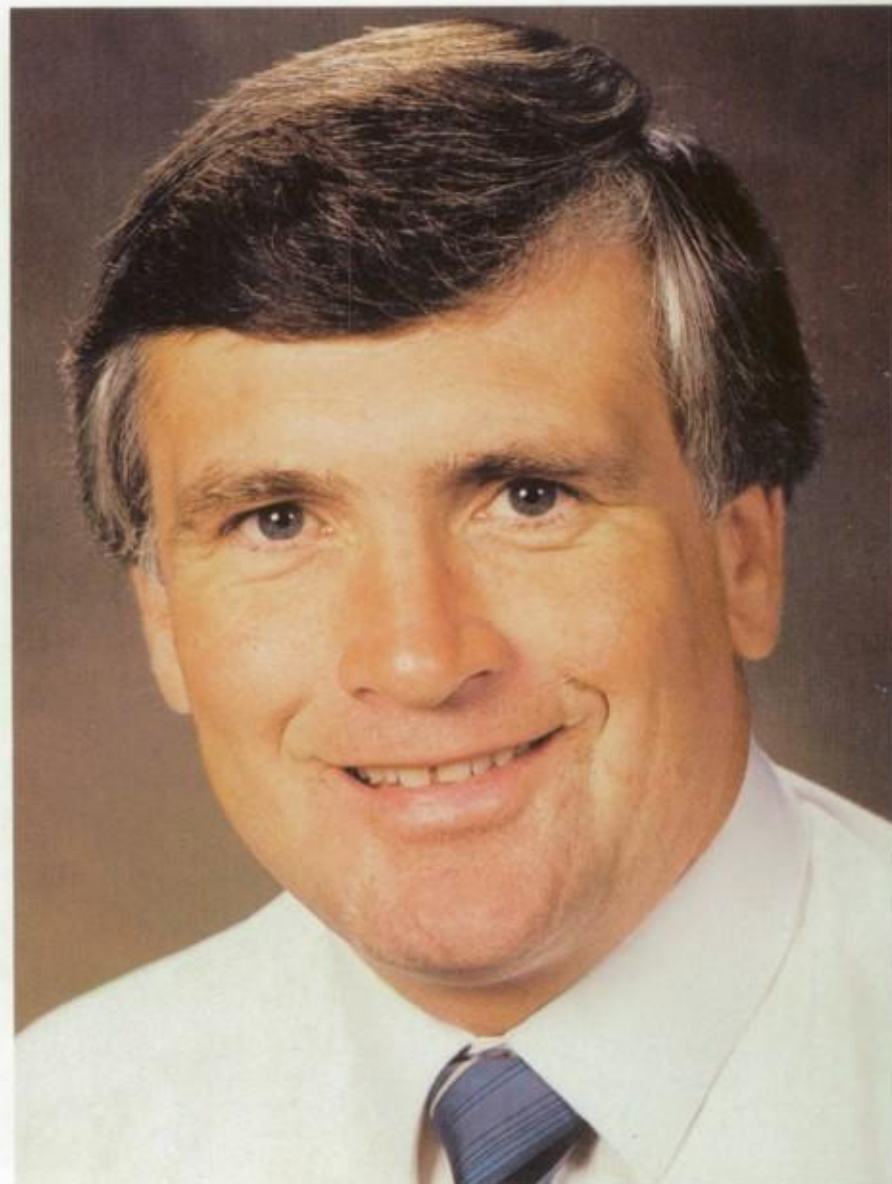

And, of course, we coaches will never forget those wonderful Sunday night meetings in Grabber's basement?

Will Grabber's friends ever forget him in his caveman Halloween costume?!

Hey, let's remember Grabber in these ways — hard-working, fun-loving. That's the way he was AND that's the way he would want to be remembered.

Coach Grabber's game plan was easy to figure out, wasn't it? BUT, the Big Coach up there has a game plan, too — that we just can't figure out at times. He must need a new assistant coach — and because Grabber is such a great team man, he went. Now he's part of the best coaching staff ever. Good luck, Grabber!

Mike Secory

IN MEMORY OF ED PETERSON

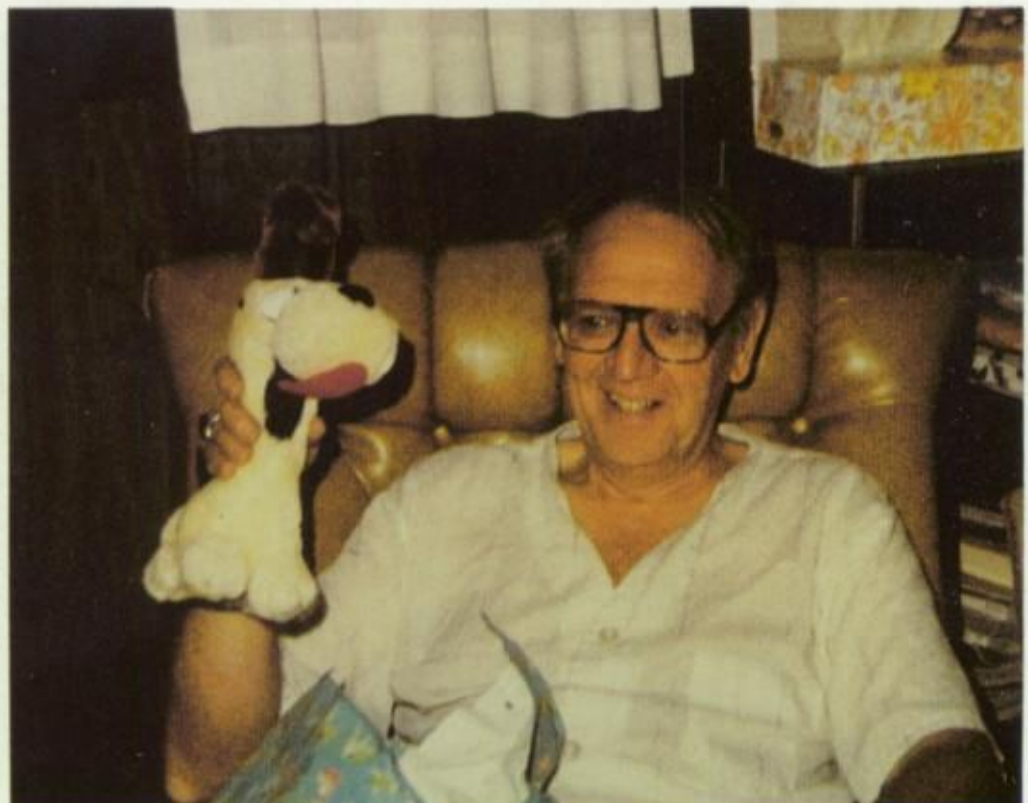

Life is a wonderful, glorious gift wrapped in a bow and tied with heartstrings. It is the one Great Gift that the Creator has given us that He can take away at any time. For life writes its own words and sings its own songs, one of them being the sad, sad song of Death.

When there is someone in our lives who dies and who we were close to, we experience a certain sadness. A part of our heart is gone forever. But we realize that we must try to go on with life to the best of our ability, because in a sense it is a tribute to the one we have lost.

Mr. Peterson was a friend to all, and the things he has done will not be soon forgotten. He will always have a place in our hearts, and we will think of him as he is with his Maker in that great, glorious place in the sky.

THE FUN BEGINS

'Tis the season to be jolly!

Lance, gets out of class for this?

Hey Gary, How do I find the end of the roll?

Yeah! We're no. 1!

George's great contemplation: "Are we having fun yet?"

Yes, this is the wet, wild world of cheerleading.

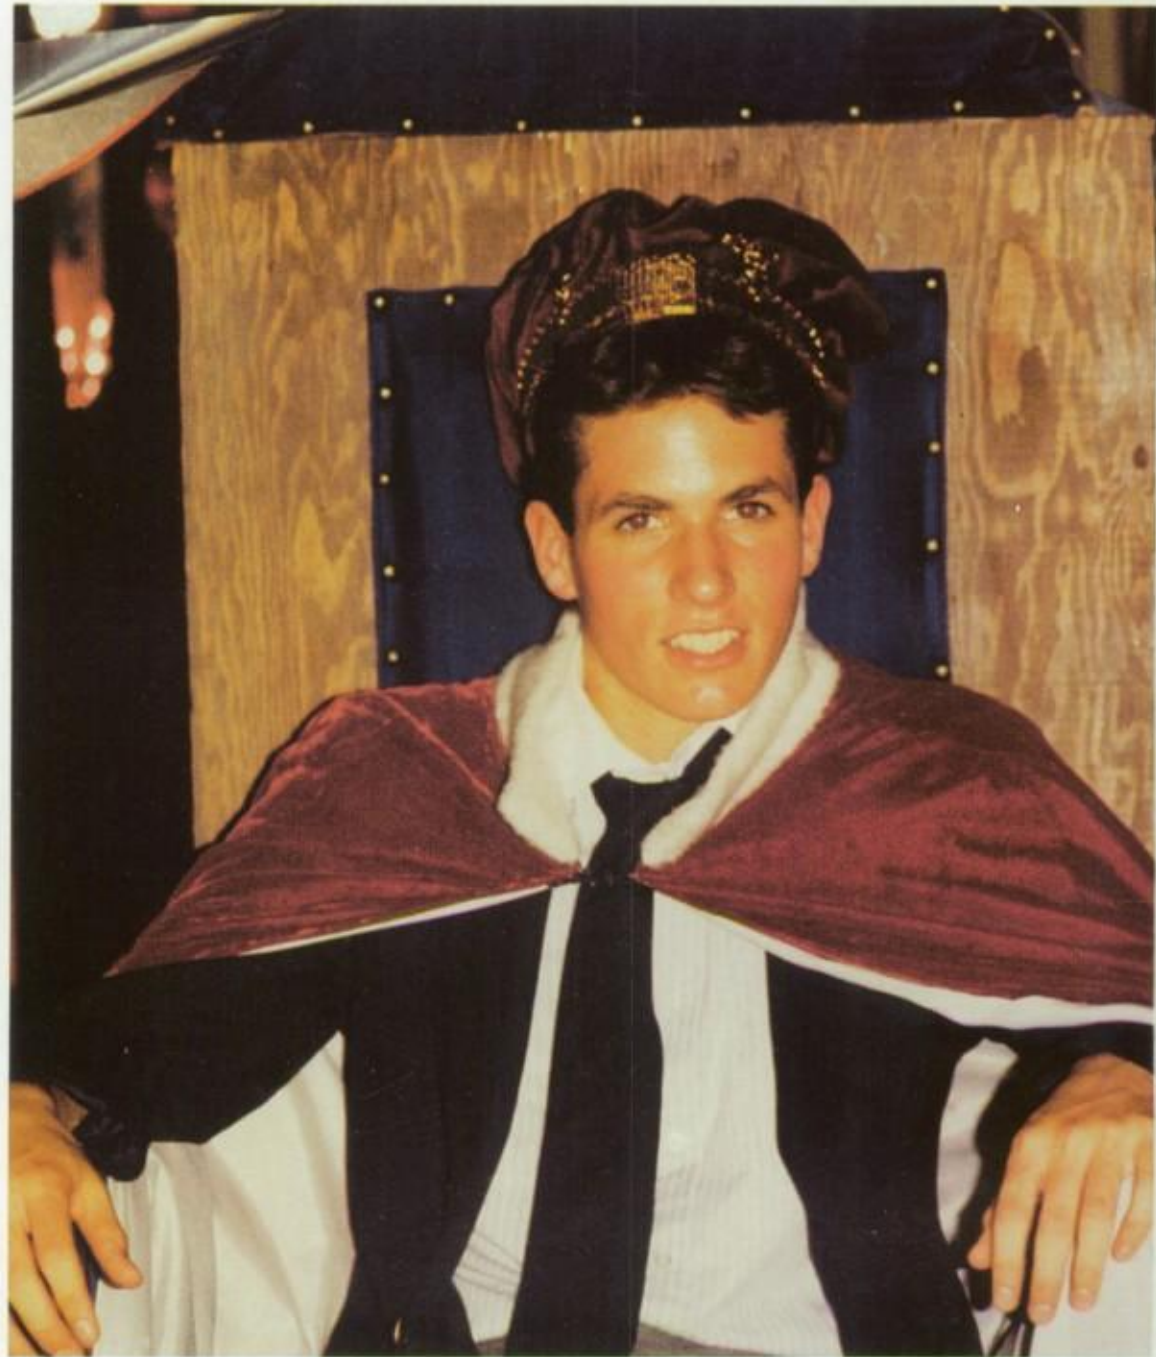

All I've got to say is: "This better turn out!"

It's hard to believe this is our last homecoming. Lori Price and Christy Barbier

In Memory of Michael Gilbert

IN MEMORY OF
Michael Gilbert
DATE OF BIRTH
September 4, 1968
DATE OF DEATH
February 7, 1986

In Memory of Mike Gilbert, a member of the 1987 graduating class of SLHS . . . he was friend and classmate, courageous, fun-loving, optimistic, "little buddy", brave, jokester, sport fan enthusiast, and wise beyond his years. To know Mike was to like him, he could look at you with those big brown eyes and wrap you right around his little finger.

Mike fought a long and hard battle against his blood disease for 17 year until February 7, 1986, when he passed away. Although he always knew his disease was incurable and would eventually be fatal, and though he was in constant pain, still he was always there with a ready smile or a teasing quip to cheer someone else — never complaining or looking for sympathy. Sometimes frustrated by his physical limitations he was never bitter and seldom angry, he had a very calm acceptance of his illness and a very loving nature to all who knew him. Perhaps this is what made him so special. For those who loved him and admired him, his passing has left a deep void that can't be filled, but then we smile and remember all the wonderful memories he left us with . . . sharpening in the Jr. High Office, betting on Dallas to always win, double cheeseburgers, Red Lobster, "R" rated movies, deer camp cook, young professional working at the real estate office, being able to con whomever out of whatever but always with a grin on his face and a twinkle in his eyes, and on, and on, and on . . . He was so much to so many in so short a time.

So, Mike . . . THIS ONE'S FOR YOU!

I can't believe you just said THAT!!!!!!!!!!

When I grow up I want to be Michael J. Fox!

I knew there was a reason I didn't want to take this class!

They told me high school was the best time of my life — HUH!!!!!!

Eric did WHAT?!?!?

SPIKERS TAKE CONFERENCE FOR 3RD YEAR IN A ROW

I would like to thank these young ladies and athletes a job well done. Every coach begins the season positive. This volleyball squad kept it positive all season. They yelled, screamed, cheered, and applauded each other. They practiced hard, they displayed great character, they knew when they were right, but more importantly they admitted when they were wrong. This was a team of winners and this program is going to really miss our seniors this year. Thank you Missie Heyer, Laura Jungslager, Toni Adams, Jill Markovicz, Siri Kammeraad, Mika Ichie, and Amy Watters.

Dan Kriger and Ruben Juarez were voted most valuable wrestlers, Dave Donner most improved, and Don DeHollander with the most desire on the team. Kurt Holt was the assistant coach and this the second year for coach VanStrate. Dan Kriger was conference champ.

Yes I love posing for pictures.

The Laker Swimmers did a super job this year ending up with an 8-5 record. They again reached their goal of entering every event of the Raider Relays, and maintained a respectable 3rd place in the conference.

Senior Scott Span capped off his fine 4 year career with a 5th place finish at the State meet. Scott broke his own school record in the prelims, and came back to swim the exact same time in the finals.

The Most Valuable Swimmer was Scott Span, Most Valuable Team Member was Steve Smant, Most Improved Swimmer was Jeff VanDyke, and the Co-Captains were Mike Britton and Steve Smant.

Peer Pressure

It's the thing to do!
Would I lie to you?

Everybody does it, C'mon. Try it. You'll love it!

Hey man this is the way to go!
What are ya chicken?

Cowards are afraid to say NO!!

HOLY WARD

In a darkened room with padded walls
Kneels a man at peace
His arms tied tight around his back
Shackles lock his feet
A doctor asked "what's wrong with him?"
The attendant began to laugh
"He thinks he is the SECOND COMING
Isn't that a gas?"

He appeared at the U.N. four years ago
And tried to take the mike
The cops beat him up and sent him here
He says he's Jesus Christ
They've run every test there is to run
But he still makes that stupid claim
He's not a registered citizen
And he won't give his real name

They call this floor the Holy Ward
There are 150 Gods
3 Pope Pauls, 19 Noahs
14 Joan of Arcs
The ward keeps getting fuller
If you think of it, it's sad
If that guy is who he claims to be
He's been crucified again."

A Prisoner of Conscience

FRIENDS

We move on through life
going on through many changes.
We push ahead, though we
don't know what the future holds.
But no matter what life arranges,
there will be friends out there to
turn gray clouds to gold.

So when you've got a friend
your future sees no end.
Hang onto your friends,
no stronger message can I send.

Friends are there when
you need someone to talk to.
Friends are there to show
where you went wrong.
Like flowers in spring
and a dove cooing a love song,
there are friends to help you along.

EXCHANGE STUDENTS

Brazilian exchange student Ana Lucena finds American customs in strong contrast to her native ones. Nevertheless, she enjoys the American way of life, and will find it very hard to leave her friends and family here.

Among her many hobbies are reading, swimming, listening to music and eating ice cream. She enjoys the musical group OMD, and artist Corey Hart. Ana intends to be either an artist or a pediatrician and to later come back to America to visit her host family and friends.

Mika Ichie enjoyed a very eventful stay here. She visited New York with her host family, and attended Close-Up with the school, just to name a few.

She was very active in both school and in Church. She loves to dance and was a valuable member of The Sacred Dance group at Christ Community Church. Dancing is not her only hobby, though, as she also loves to read, shop, and listen to music.

Mika's future plans include attending college, and to come back to America to visit her host family and friends.

Heliodoro "William" Acosta

Heliodoro "William" Acosta, born in Mazatlan, Mexico, has many interests, ranging from sports to music. He has many American favorites such as the musical group U2, singer Billy Idol, pizza, and any kind of chocolate.

He loves being in America, and visiting Spring Lake is included in his plans for the future. Also included in his plans is to attend a university to be either an architect or an engineer.

SHARE THE VISION

"I went to Dale Hagen for my senior portrait because I wanted something really special — something different. He really listened to my ideas, and interpreted them fantastically. The session was a lot of fun, and the results — well, they speak for themselves."

John Brandhorst, class of '86

This portrait of John was created on location beneath the bascule bridge which spans the Grand River between Spring Lake and Grand Haven. When created at the proper time of day, the quality and direction of light in this unusual location is fantastic. In color, the blue of the bridge work accentuates John's clear blue eyes, and the converging diagonal lines give strength and interest to the composition.

John's senior portrait is typical of the exciting and "different" things we've been doing for students from high schools all over West Michigan. Let us create a vision for you.!

When we were children we thought and acted as children, now facing graduation we are expected to enter the world of adults and act like adults. Each of us will enter into our own path of life, but because of our Spring Lake High School experience we have the potential to succeed each in our own way. We have encountered countless times of joy. Mixed with the joy have been times of sadness, especially the sadness felt at the untimely deaths of two faculty members who were close friends and examples of the kind of adults we aspire to be.

Our teachers and members of Spring Lake's community have worked together to share a unique heritage with us. The values and community spirit we have witnessed and participated in will be the reference by which we judge our future choices. Though our careers may take us in many directions, these four years will leave an indelible and positive trace on our lives.

Salutatorian Scott P. Richert

In a few short days, the Spring Lake High School Class of 1986 will exit the school's doors as a group one last time. After thirteen long, tumultuous, and glorious years, we will finally go our separate ways. Like the twenty-one other classes that have preceded us, we will feel our happiness tinged with some regret. We have been through a lot together: The Alphabet People, cursive writing, field days, football and basketball games, and one of the finest school systems in this section of Michigan. These experiences will always remain with us and will manifest themselves in everything that we do. Although we will probably never all be together again, the experiences of the past thirteen years have formed a bond between us that will never dissolve.

Ask if I care?

Hi everybody.

What am I doing out here?

Who will be the next Amy Grant?

School is so exciting.

Mark, as usual in class.

Caught again.

They said he wouldn't POOP!

Tomorrow's Glamour girls.

What do you want?

Finally made it to a pep assembly huh, Laurie?

Accounting is so much fun.

Are you talking to me?

Will I be the same when I leave this place.

Smile and say cheese.

Dan you're the greatest!!

I made this program all by myself.

Dave, you work too hard.

It's just another Manic Monday.

Who did you see Missy with last night?

I'll have two of those things.

I'm not impressed.

What did you say about me?

What a joke!!

Lance is working hard, or is he hardly working?

Boogie down girls, or are they guys?

You make me angry!

Come on, let's get moving!

Phew this "Jack ——— smells"!

Yea, we have fun!
